## EXPERIENCE

### Android Developer

#### Funsol Technologies

05/2023 - Present Islamabad Pakistan

- Led Time Warp development using advanced shaders, resulting in 5M downloads and industry acclaim.
- Revamped architecture for WIFI Analyzer, reducing crashes by 10% and increasing downloads by 50K.
- Enhanced app performance by implementing efficient algorithms, resulting in a 40% increase in loading speed and a 15% reduction in crash rates, significantly improving user experience and retention.
- Implemented machine learning algorithms to deliver personalized content, resulting in a 30% increase in user engagement metrics, enhancing overall user satisfaction and app retention.

### Android Developer

#### Cyber ICT Technologies

11/2021 - 04/2023 Lahore, Pakistan

- Reduced memory usage in critical applications by refactoring and applying best practices, achieving a 20% improvement in performance.
- Reduced the codebase complexity in a legacy application by implementing cleaner code practices.
- Engineered a resilient offline mode for the app which allowed users to access core features without connectivity, spurring a 15% increase in usage in covered areas.

### Junior Android Developer

#### Egloo Technologies

06/2020 - 10/2021 Lahore Pakistan

- Engineered a modular codebase, reducing release development time by 22% through seamless integration.
- Reduced code inefficiencies by 30% within 1 year on the job.
- Implemented a new automated testing strategy which increased app stability by 40%.

## EDUCATION

### Bachelor of Computer Science

#### University Of Swabi KPK Pakistan

01/2017 - 01/2021 Swabi, KPK

## ABOUT

With over 4 years of experience in Android development, I specialize in leveraging Java, Kotlin, and SOLID principles to create high-quality software solutions. Known for maintaining a remarkable 99.999% product availability, I excel in delivering reliable and efficient applications. I am eager to tackle challenging projects that foster growth and innovation, continually pushing the boundaries of mobile technology.

## SKILLS

Android Kotlin Java Firebase

Git Jetpack Jetpack Compose

MVVM MVI Espresso JUnit

Mockito Agile Scrum

Open CV

## PROJECTS

### Screeny (Wallpaper App)

<https://github.com/Shahidzbi4213/Screeny>

A sophisticated wallpaper application offering millions of free, high-quality wallpapers.

### Whats Delete

<https://github.com/Shahidzbi4213/Whats-Delete>

Social app enabling users to save and store messages from WhatsApp and Instagram, even if deleted by the sender side.

## STRENGTHS

#### Team Player

Exercised proficient collaboration skills within an adept team comprising five developers at Oracle, catalyzing a remarkable 35% enhancement in the efficiency of project delivery timelines.

#### Adaptive

Swiftly acclimate to new technologies and platforms, evident through the adept mastery of Kotlin.
